AF Budget Completion

1430 Budget and Budget Narrative

This form is used to apply to individual State of Illinois discretionary grant programs.

Applicants should submit budgets based upon the total estimated costs for the project including all funding sources. This program is for 12 months, both the budget and budget narrative should reflect 12 months of programming. Pay attention to applicable program-specific instructions, if attached. The applicant organization should refer to the Funding Restrictions 2023 pdf and 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" cited within these instructions.

Although the degree of specificity of any budget will vary depending on the nature of the project and State of Illinois agency requirements, a complete, well-thought-out budget serves to reinforce your credibility and increase the likelihood of your proposal being funded. A well-prepared budget should be reasonable and demonstrate that the funds being asked for will be used wisely. The budget should be as concrete and specific as possible in its estimates. Make every effort to be realistic, to estimate costs accurately.

Funding Restrictions
