Please note the top of page 7 of the program narrative has been corrected as follows “This program is for ~~42~~ **10** months”. This program is for 10 months, not 12 months.

Question

I was curious if we are applicable as we have received ICJIA funding for the Comprehensive Law Enforcement Response to Drugs. I recognized the NOFO discussing funding capping at 36 months.

Response

Receiving funding from ICJIA through other grants does not disqualify you from this opportunity. What I believe you are referencing is that the maximum potential period of performance for this grant, if awarded, is 34 months. That is contingent upon satisfactory performance and availability of funds. Grant awards resulting from this opportunity will have a target period of performance of September 1, 2024, to June 30, 2025. Additional funding of up to 24 months may be awarded after the initial funding period.

Question

I noticed that the NOFO for this program states the program narrative file is limited to 30 pages, while the program narrative file itself states the program narrative is limited to 35 pages. I am hoping to clarify which is correct.

Response

The program narrative may not exceed 35 pages, not 30, including the questions and tables in the document.

Last day for question submission is 5:00 p.m. CST, July 22, 2024.
