**Day posted: February 10, 2023**

Question

Page 8 and page 9 – Both pages reference “Core services for victims of domestic violence.” We assume this to be a typo and it should read sexual assault.

Response

Correct, this should read sexual assault

Question

Page 9/10 – Child Care – The description (“provided by a VOCA-eligible victim service provider,.... Childcare services must be provided on location at the victim service provider and meet any additional federal, state and ICJIA requirements”) appears to limit childcare to being offered only at a VOCA-eligible victim service provider (i.e. the local rape crisis center staff or volunteers) and must be provided on location at the victim service provider (i.e. the local rape crisis center).

At one-point ICJIA’s policy for VOCA-allowable childcare expanded to include both childcare provided at the VOCA-funded victim service provider by the provider AND/OR through a DCFS licensed childcare provider. Can you please confirm if both options are allowable?

Response

Child care can be provide off site by a licensed childcare provider.

Question

Page 16 – The Application Formatting instructions state the program narrative must be double-spaced but the instructions on page 1 of the Program Narrative template state single-spaced. Can you please clarify if the program narrative should not exceed 30 pages single- or double- spaced.

Response

The Program Narrative must be submitted single-spaced.
